FY 2006 Third Quarter Review Attachment VI – FY 2005 Audit Adjustments

FY 2005 AUDIT ADJUSTMENTS

Based on the results of the FY 2005 Comprehensive Annual Audit, adjustments were made to receipts and expenditures based on the Generally Accepted Accounting Principles (GAAP) of modified accrual accounting. Fairfax County recognizes revenues in the prior fiscal year when it is measurable and available within 45 days after the end of that fiscal year, while expenditures are recognized when the asset is received.

Revenue and expenditure adjustments result in an increase to the FY 2005 General Fund ending balance of \$1,347,508. Adjustments in FY 2005 expenditures were made in Special Revenue, Capital Project, Enterprise, Internal Service and Retirement funds. In addition, several revenue adjustments were made in the Special Revenue, Capital Project and Retirement funds. Retirement fund adjustments are based on Governmental Accounting Standards Board (GASB) Statement 28 requirements regarding segregation of securities lending transactions into gross income and expenditures for financial reporting purposes. This audit attachment also outlines changes in the Fairfax County Public Schools and Fairfax County Redevelopment and Housing Authority funds based on the final year-end reconciliation of these accounts.

Detailed audit adjustments were made which require an increase in the FY 2005 appropriation level for Fund 501, County Insurance. A Supplemental Appropriation Resolution (SAR) AS 05131 for FY 2005 for these funds is included in the SAR package of the FY 2006 Third Quarter Review.
